About the Irish Cancer Society

The Irish Cancer Society is a community of patients, survivors, volunteers, supporters, health & social care professionals and researchers. Together we are working to save lives and improve the lives of those affected by cancer. The Irish Cancer Society typically receives only 3% of its income from the Government, so it's thanks to the generosity of our wonderful donors, fundraisers and volunteers that we are able to provide services and support to ensure nobody in Ireland has to face cancer alone.
